J. W. TALLEY, County Superintendent.  
E. J. ORRICH, Surveyor.  
FRANK SAMPLE, Coroner.

Tom Underwood, Harry Sommers and Charley Meachem, three pencil pushers down in the Jackson purchase and thereabouts, are endorsing Barksdale Hamlett for State Superintendent of schools. Unless somebody bobs up in this end of the state for the same position THE HERALD will in all probability be in line for him. He is a young man of fine appearance and scholarly attainments as well as a simon pure undehled Democrat and has at his back a record of which any individual would be proud. But Eastern Kentucky may bring out a man equally as well qualified and then our allegiance points to him.

### Of Interest to Teachers and Trustees.

The state superintendent in a circular letter to county superintendents has made some rulings which are of importance to teachers and trustees. They are as follows:

Applicants cannot take the examination in one county and have the papers forwarded to another county for grading, except State Normal pupils in counties where these schools are located.

All applicants for certificates must be eighteen years old before the examination is held. If the applicant becomes eighteen afterward he should not be permitted to enter.

The county superintendent should revoke the certificate of all who fail to attend the full session of the institute.

The law does not say you "may" revoke, it says you "shall" revoke. All teachers whether principals or assistants, who teach in a district or sub-district having seventy-five or more pupil children, should hold certificates of the first class; and every sub-district reporting more than one hundred pupils must employ two teachers for the full term of six months, or they cannot be apportioned the per capita on more than one hundred.

All teachers in graded schools must hold first class certificates.

### The Newspaper of Today.

A newspaper has to today to some people and recognize what they do as the correct thing whether it is right or not if it wants to keep on good terms with them, and it must agree with them in almost everything, political or otherwise. The Record is not that kind of a makeshift, but believes in advocating the things that are for the best interests of the mass.

es, letting the chips fall where they may.—Newton (Miss.) Record.

Commenting on this the Woodville (Miss.) Republican says: "The paper, the editor of which waits to see the expression of the public on any question before giving expression to an opinion, and who lets another do his thinking, or is as putty in the hands of the 'local lords,' is not worth any name that it may bear. An editor must be fearless, honest and just, with the courage of his conviction and the will to do his duty without regard to the consequences. Nothing is more contemptible in the eyes of men than the little editor who is ever ready and willing to bow to the will and command of some 'prominent citizen' who happens to have a few shekles of the filthy lucre and a little 'influence.' May the Lord have pity upon such parasites on the bump of creation."

### A SAD EVENT.

**Ernest Elkins Instantly Killed Saturday by Road Machine.**

In carrying out its contract with the Fiscal court, the Clark County Construction company has been engaged for some time in reconstructing the Lexington Pike near the Fayette line. A large traction engine and roller draw a train of cars loaded with crushed rock. The stone is delivered through the bottom of the car, the delivery being controlled by a crank on the side of the car, between the front and rear wheels.

Saturday afternoon, Ernest Elkins, an employee of the company was manipulating this lever when his foot was caught by the hind wheel, which passed over his body, crushing out his life.

The remains were brought to the undertaking establishment of H. H. Hall, and after being prepared for burial were taken to his home in this city. The funeral was held at the Washington street Presbyterian church, Sunday afternoon, under the auspices of the Local Camp Modern Woodmen of America, assisted by Hickman Lodge of Odd Fellows, he being a member of both orders. Services were conducted by Rev. C. E. Crafton, pastor of the church. The funeral procession was an extremely long one and attested the esteem in which he was held.

He was raised in Mt. Sterling and was 33 years of age. He was a son of Wm. Elkins, formerly of this county, and has a great many relatives here. He leaves a wife, formerly Miss Ringo, and two daughters, aged twelve and nine years. He carried one thousand dollars insurance in the Woodmen. The trip when he was killed was to have been his last trip on the road, as he was to have taken a position in the yards on the following Monday. The sympathy of our people go out to the family.—Winchester Democrat.

### H. C. Herndon Wants \$15,000.

Deputy Revenue Collector H. C. Herndon, of Ashland, has brought suit against Omar Dotson, a wealthy real estate man of Mayeville, for \$15,000 damages which the deputy claims that he sustained some time ago by having fallen through an elevator shaft in one of Mr. Dotson's buildings in that city.

It appears that Mr. Herndon was attempting to gain an entrance to a cigar factory that was located in the building, where he had official business, and while attempting to do this he fell and sustained the alleged injuries.—Catslettsburg Tribune.

Mr. Herndon was formerly a resident of Hazel Green and will be remembered by many of our older citizens, having been postmaster here at one time.

### Predicts Severe Quake In June.

New Orleans.—Lieutenant John C. Soley, in charge of the United States Hydrographic Office at New Orleans, who recently attracted considerable attention through his predictions of seismic disturbances, declared that unless some of the volcanoes, such as Vesuvius, erupt, there will be further earthquakes.

While he could not predict, he said, where the next disturbances will occur, he declared that judging movements of the past in accordance with present indications, the next earth tremor would probably be felt between the dates of June 15 and June 25.

Lieutenant Soley also issues a warning to coal miners to exercise the greatest care, as disastrous explosions in mines, owing to subterranean disturbances, are likely to occur during the period stated.

### Another Breathitt Killing.

Jackson, June 13.—Miles Crawford is dead, Clay Crawford is dying here of a fractured skull, and Elisha Johnson is in the Breathitt county jail on a charge of murder following a fight near Athol Saturday night.

The trouble arose between Clay and Miles over a woman, and Clay got the worst of it. Johnson took Clay's part, and, according to his own story, shot and killed Miles. He says he shot to save Clay's life.

The Crawford were only distantly related, if at all. Clay is the son of Steve Crawford, a prominent merchant, and a nephew of Sheriff Breck Crawford.

### Home Paper Interesting.

The home paper is always interesting to you, whether you take it or not, says the Cuba, (Kans.) Daylight. Some people who do not take the paper, borrow it from their neighbors, and while this inconvenience the neighbors and themselves, it cannot help, but make us feel proud that they really care enough for our paper to walk half a mile each week to get it and to also save three cents. It shows that these people are economical and that when our advertisers put an ad in our paper they will be sure to read it carefully and take in all the bargains.

### Thousands Have Kidney Trouble and Never Suspect It.

#### How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a brick dust sediment, or settling, stringy or milky appearance often indicates an unhealthy condition of the kidneys; too frequent desire to pass it or pain in the back are also symptoms that tell you the kidneys and bladder are out of order and need attention.

#### What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills almost every wish in correcting rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. Corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and immediate effect of Swamp-Root is soon realized. It stands the highest because of its remarkable health restoring properties. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. Mention this paper and remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

If you are a business man, did you ever think of the field of opportunity that advertising opens to you? There is almost no limit to the possibilities of your business if you study how to turn trade into your store. If you are not getting your share of the business of your community there's a reason. People go where they are attracted—where they know what they can get and how much it is sold for. If you make direct statements in your advertising see to it that you are able to fulfill every promise you make. You will add to your business reputation and hold your customers. It will not cost as much to run your ad in this paper as you think. It is the persistent advertiser who gets there. Have something in the paper every issue, no matter how small. We will be pleased to quote you our advertising rates, particularly on the year's business.
